PROFESSIONAL SUMMARY

B.Tech Computer Science & Engineering (2023–2026) with hands-on experience building software across AI/ML, data analytics, full-stack web development, and Android. Proficient in Python, Java, SQL, JavaScript, Spring Boot, React, Node.js, Express.js, Firebase, and REST APIs, with working knowledge of Generative AI, LLMs, and RAG. Experienced in authentication, database integration, analytics, testing, debugging, Git/GitHub, and deployment on Vercel and Railway.

TECHNICAL SKILLS

AI, ML & Data: Python, Machine Learning, Generative AI, LLM, RAG, scikit-learn, NLP, Pandas, NumPy, Data Analytics, Data Visualization

Programming Languages: Java, Python, JavaScript, TypeScript, SQL, C, C++, C#, Kotlin

Web & Backend: HTML5, CSS3, React, Next.js, Node.js, Express.js, Spring Boot, REST API, JWT, RBAC, Redux Toolkit, Vite

Android & Cloud: Android Development, Android Studio, XML, Firebase, SQLite, Material Design

Databases: MySQL, PostgreSQL, MongoDB, SQLite

Tools: Git, GitHub, VS Code, Postman, Swagger, Vercel, Railway

Core CS: OOP, Data Structures, CRUD, API Integration, Problem Solving, Debugging, Testing, Responsive UI

EXPERIENCE

Full Stack Java Developer Intern | The Developers Arena

Aug 2026 – Present

- Working on full-stack Java development with practical application development and backend/API workflows.
- Strengthening Java, Spring Boot, REST API, database integration, debugging, and software engineering practices.

Web Development and Designing Intern | Oasis Infobyte

Aug 2026 – Present

- Building responsive web projects through hands-on implementation, UI development, and frontend workflows.
- Applying HTML, CSS, JavaScript, responsive design, Git/GitHub, and deployment practices.

Artificial Intelligence Intern | CodeAlpha

Aug 2026

- Developed Android applications VitaFit, LanguageLearn, and Flashcard Quiz using Java, XML, Firebase, SQLite, REST APIs, and AI-assisted features.
- Implemented authentication, offline storage, text-to-speech, analytics, export workflows, testing, debugging, and Git/GitHub practices.

Programming Trainee | SLOG Solutions Pvt. Ltd.

Jul 2024 – Aug 2024

- Completed structured Java and C++ training covering OOP, functions, arrays, pointers, file handling, exception handling, and problem solving.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering

2023 – 2026

Institute of Technology, Gopeshwar, Uttarakhand

Diploma in Civil Engineering

2020 – 2023

Government Polytechnic, Srinagar Garhwal, Uttarakhand

PROJECTS

Clinevo Smart Inbox Assistant

github.com/Ashutosh9-pan/Clinevo-smart-inbox-assistant

Python • Flask • Angular • AI/ML

- Built an AI-powered shared inbox assistant for document processing, classification, extraction, review, and audit workflows.

RazorGuard-AI

github.com/Ashutosh9-pan/RazorGuard-AI

Python • Machine Learning • Random Forest • Flask

- Built a payment risk management system using machine learning to identify transaction risk and surface explainable signals.

Spring Blog API

github.com/Ashutosh9-pan/week6-spring-blog-api

Java 21 • Spring Boot • PostgreSQL • Swagger

- Developed a REST API with validation, pagination, persistence, Swagger documentation, and automated testing.

NovaCart E-commerce Frontend

github.com/Ashutosh9-pan/novacart-ecommerce-frontend

React • Redux Toolkit • Vite • JavaScript

- Built a responsive e-commerce frontend with product browsing, filters, cart, wishlist, checkout, and localStorage persistence.

CampusResolve – Campus Complaint System

campus-complaint-system-production.up.railway.app

Node.js • Express.js • MySQL • JWT • Multer

- Developed a student/admin platform with complaint CRUD, evidence uploads, assignments, tracking, notifications, analytics, CSV export, OTP recovery, and escalation.

VitaFit – AI Fitness Tracker

github.com/Ashutosh9-pan/CodeAlpha_FitnessTrackerApp

Java • Android • Firebase • Gemini AI

- Built an Android fitness app with authentication, workout tracking, analytics, reminders, data export, and an AI assistant.

LanguageLearn – Multilingual Learning App

github.com/Ashutosh9-pan/CodeAlpha_LanguageLearningApp

Java • Android • SQLite • REST API

- Built a learning app with vocabulary, grammar, quizzes, pronunciation, dictionary lookup, text-to-speech, progress tracking, and dark mode.

QuoteSpark – Random Quote Generator

github.com/Ashutosh9-pan/CodeAlpha_RandomQuoteGenerator

Java • Android • Material Design

- Built an offline-first quote app with categories, favorites, saved quotes, copy/share, and persistent light/dark mode.

CERTIFICATIONS

- AI Tools & Claude Workshop – Be10x (Sep 2026)
- Artificial Intelligence Internship – CodeAlpha (Aug 2026)
- Data Analytics Professional Certificate – Unified Mentor (Aug 2026)
- Generative AI, LLM & RAG – Skill Up, GeeksforGeeks
- Full Stack Web Development – Skill Up, GeeksforGeeks
- Java Training Program – SLOG Solutions Pvt. Ltd. (Aug 2024)
- C++ Training Program – SLOG Solutions Pvt. Ltd. (Jul 2024)
- C Programming for Beginners – Udemy (Nov 2023)

LANGUAGES

English, Hindi
