

ASHUTOSH PANWAR

AI/ML Developer | Data Analyst | Android Developer | Full-Stack Developer

Srinagar Garhwal, Uttarakhand • +91 8679621293 • ashutoshpanwar07@gmail.com

[Portfolio](#) • [GitHub](#) • [LinkedIn](#)

PROFESSIONAL SUMMARY

Computer Science Engineering graduate with hands-on experience across AI/ML, Android, data analytics, and full-stack web development. Built and deployed practical applications using Java, Python, JavaScript, Firebase, Node.js, Express.js, MySQL, Next.js, REST APIs, and Gemini AI. Experienced with Generative AI, LLM/RAG concepts, JWT-based authentication, role-based workflows, analytics, testing, debugging, Git/GitHub, Vercel, and Railway; seeking entry-level software development and AI-focused opportunities.

CORE STRENGTHS

- End-to-End Project Development
- Problem Solving & Debugging
- REST API & Database Integration
- Git/GitHub, Testing & Deployment

TECHNICAL SKILLS

- **AI & Data:** Machine Learning, Generative AI, LLM & RAG, Pandas, NumPy, scikit-learn, Data Visualization
- **Programming:** Python, Java, JavaScript, SQL, C, C++
- **Web & Backend:** HTML5, CSS3, React, Next.js, TypeScript, Node.js, Express.js, REST APIs, JWT, RBAC
- **Mobile & Databases:** Android, XML, Firebase, SQLite, MySQL, MongoDB
- **Tools:** Git, GitHub, Vercel, Railway, VS Code, Android Studio
- **Core CS:** OOP, CRUD, Data Structures & Algorithms, Debugging, Testing, Problem Solving

EXPERIENCE

Artificial Intelligence Intern | CodeAlpha (Remote)

Jul 2026 - Present

- Developed three Android applications - VitaFit, LanguageLearn and Flashcard Quiz - using Java, XML, Firebase, SQLite, REST APIs and Gemini AI.
- Implemented AI-assisted features, authentication, text-to-speech, offline storage, analytics, PDF/CSV export, testing, debugging and Git/GitHub workflows.

Web Development & Designing Intern | Oasis Infobyte (Remote)

Aug 2026 - Present

- Selected for a 1-month internship focused on responsive web development, UI design and practical implementation of development concepts.

Data Science & Analytics Intern | The Developers Arena (Remote)

Aug 2026 - Present

- Selected for a 2-month self-paced internship focused on structured learning, real-world projects, weekly submissions, evaluation and data-analysis practice.

Programming Trainee | SLOG Solutions Pvt. Ltd.

Jul 2024 - Aug 2024

- Completed structured Java and C++ training covering OOP, file handling, functions, arrays, pointers and problem solving.

FEATURED PROJECTS

CampusResolve - Campus Complaint Management System | Node.js, Express.js, MySQL, JavaScript, JWT, Multer, Brevo API, Railway | [Live Demo](#) | [GitHub](#)

- Production-deployed full-stack platform with Student/Admin workflows, JWT/RBAC, complaint CRUD, evidence uploads, assignment/status tracking, notifications, analytics, feedback, CSV export, OTP recovery and persistent storage.

VitaFit - AI Fitness Tracker | Java, Android, Firebase, Gemini AI | [GitHub](#) | [APK](#)

- Built authentication, workout tracking, analytics, reminders, dark mode, PDF/CSV export and a Gemini AI assistant for chat, workout planning, diet guidance and progress analysis.

LanguageLearn - Multilingual Learning App | Java, Android, SQLite, REST API, Text-to-Speech | [GitHub](#) | [APK](#)

- Built multilingual learning with vocabulary, grammar, quizzes, pronunciation, dictionary lookup, text-to-speech, progress tracking and dark mode.

Flashcard Quiz App | Java, Android, SQLite, CRUD | [GitHub](#)

- Built an interactive flashcard study app with Dark Mode and SQLite-backed CRUD for creating, editing, viewing and deleting flashcards.

QuoteSpark - Random Quote Generator | Java, Android, Material UI, SharedPreferences | [GitHub](#) | [APK](#)

- Built an offline-first quote app with 80 quotes across 8 categories, favorites, saved quotes, sharing and persistent light/dark mode.

TaskFlow - Interactive Task Manager | JavaScript, HTML5, CSS3, localStorage | [Live Demo](#) | [GitHub](#)

- Built a responsive task manager with CRUD, search, filters, priorities, due dates, drag-and-drop, progress statistics, themes and JSON backup/restore.

Professional Developer Portfolio | Next.js, React, TypeScript, Vercel | [Live Portfolio](#) | [GitHub](#)

- Built and deployed a responsive Next.js portfolio with featured projects, skills, certifications, education, contact links and GitHub-connected Vercel deployment.

Smart Waste Monitoring using CCTV & Notifications | Computer Vision Concept, Alerts, Workflow Automation - CCTV-assisted monitoring with automated notifications for faster response workflows.

EDUCATION

B.Tech - Computer Science Engineering | **Institute of Technology, Gopeshwar** Aug 2023 - Aug 2026

- Coursework completed; final result awaited.

Diploma - Civil Engineering | **Government Polytechnic, Srinagar Garhwal** Mar 2020 - Aug 2023

- Uttarakhand Board of Technical Education | AutoCAD and Revit.

Senior Secondary (Class XII) - PCM | **Government Inter College, Srinagar Garhwal** Completed 2020

High School | **Shri Guru Ram Rai Public School, Srinagar Garhwal** 2015 - 2016

CERTIFICATIONS

- Data Analytics Professional Certificate - Unified Mentor | Issued Aug 2026
 - Full Stack Web Development - Skill Up - GeeksforGeeks
 - C++ Training Program - SLOG Solutions Pvt. Ltd. | Issued Jul 2024
- Generative AI, LLM & RAG - Skill Up - GeeksforGeeks
 - C Programming for Beginners - Master the C Language - Udemy | Issued Nov 2023
 - Java Training Program - SLOG Solutions Pvt. Ltd. | Issued Aug 2024

LANGUAGES

- English
- Hindi
